

Master of Health Administration (Competency Based)
Massachusetts Program Disclosure

COST OF PROGRAM:

University Tuition & Fees	\$10,800
---------------------------	----------

University of Phoenix does not provide on-campus room and board or off-campus housing assistance at any of its locations. Estimated cost for Room/Board/Transportation for one academic year is \$7,760. The University Tuition and Charges shown on this Disclosure Form are based on the date you receive this form. The University reserves the right to adjust tuition and fees.

Special Tuition Rates

The University also provides a special tuition rate for students who are affiliated with the U.S. Armed Forces, as active-duty service members and family members of active duty and selected reserve. These students will be charged the 'Military' tuition rate.

This special tuition rate will result in the following **University Tuition and Fees** total for the program: **\$10,800**.

GRADUATION RATE:

30% of students attending this program graduated during the last two calendar years for which data is available.

940 CMR 31.03 defines graduation rate as the number of students who received certificates, diplomas, or degrees in the program during the latest two calendar years, divided by the number of students who enrolled in the program during the latest two calendar years. This required definition may result in a graduation rate greater than 100% when the number of students who enrolled in the program during the time period is lower than the number of students receiving certificates, diplomas, or degrees during the time period because the required definition does not consider the total enrollment of the program over the time period. Similarly, the required definition may result in other disproportionately high graduation rates in the event that the number of students who enroll during the time period is less than the total number of students in the program who are eligible to receive certificates, diplomas, or degrees during the time period because the required definition does not consider the total enrollment of the program over the time period. Alternatively, the required definition may result in disproportionately low graduation rates in the event that the number of students who enroll during the time period exceeds the total number of students in the program who are eligible to receive certificates, diplomas, or degrees during the time period because the required definition does not consider the total enrollment of the program over the time period. A Graduation Rate of "N/A" indicates that there were no students who received certificates, diplomas, or degrees in the program during the latest two calendar years and no students who enrolled in the program during the latest two calendar years.

GRADUATION TIME:

The average student attending this program graduates in 11 months.

940 CMR 31.03 defines graduation time as the median duration of attendance in months, rounded to the nearest month, of all students who obtained a certificate, diploma, or degree from a program during the last two calendar years. A Graduation Time of "N/A" indicates that there were no students who obtained a certificate, diploma, or degree from a program during the last two calendar years.

PLACEMENT RATES (Continued):

“Employment in the Field of Study” is defined as employment in the job specified in the name of the program or certificate, diploma, or degree conferred by a school upon graduation from the program, or the reasonable equivalent thereof, such as those set forth in the “Sample of reported job titles” and “Related Occupations” listed in the Summary Report for each Standard Occupational Classification (SOC) code obtained by entering the program’s Classification of Instructional Program (CIP) code on O*NET crosswalk, <http://onetonline.org/crosswalk/CIP>. The “reasonable equivalent” does not include a job for which: (a) training in the program is not required; and (b) the entry level salary is less than 80% of the entry level salary of the job specified in the name of the program.

Total Placement Rate is defined as the product of the graduate placement rate and the graduation rate. This required definition may result in a total placement rate greater than 100% when the graduation rate, based on the definition in 940 CMR 31.03 is greater than 100%.
